Marion County Fair Art Contest! **Hosted by the Kathryn Leigh Thurgaland Foundation**

"If any flame could burn forever, it would be our own. As bright as a star, as light as a feather, we'll never be alone." ~ Kathryn Thurgaland

In times of grief or strife it's easy to feel isolated and alone, but as you look around, it's during these times you realize you're not the only one. Others know the grief; have experienced the hardships. Through the darkness you become more aware and appreciative of the magical moments held in nature that help connect you with the ones you love, on this side and the other, who support you with love to help keep you from falling. In short, you realize you're not alone.

This year's theme is "Not Alone"

Not only is this an opportunity to win ribbons and prizes, it's also a great way to share your talent with a larger community. *Select winning pieces will be used by the KLT Foundation in efforts to raise awareness of our programs. Acknowledgement of the artist will be given by name.*

Preparing Artwork Entry for Exhibition

Artwork should be framed or matted, excluding gallery wrapped canvases. Framed items must be ready to hang using secure screw eyes and wire. Gallery wrapped canvases should be ready to hang using secure screw eyes and wire. Gallery wrap is a method of stretching an artist's canvas so that the canvas wraps around the sides of the stretcher bar or strainer bars and is secured to the back of the wooden frame, where the hardware (staples, tacks, etc.) is hidden. All artwork must be labeled with the exhibitor's name on the back of the piece.

LARK'S HEAD KNOT

Also called...
Lark's foot, Cow hitch, Girth hitch, Ring hitch, Lanyard hitch, Bale Sling hitch, Baggage Tag Loop, Tag Knot, Deadeye hitch, Running eye

Artwork may be matted in a standard single weight black or white mat board. NO Double Mats. The finished size of the mat board must be no larger than 11" x 14" (outer dimension). Sources for purchasing mat boards include Michaels, Hobby Lobby & Blick Art Supply. They all have pre-cut photo mats. Redimat is an online resource that has many sizes as well as custom mat cutting available.

Artwork can be any size as long as they are framed or matted. Odd sizes may need the mat window professionally cut to size. How the piece gets attached to the mat is dependent on the type of pre-cut mat you purchase. The artwork can also be attached to a board with a hinge mount; the method we recommend involves taping the artwork into place with folded hinges. Double stick tape can also be used to adhere the print to the backing board. Note: The KLT Foundation will be inserting your matted artwork in clear sleeves to further protect them during Fair. That is why No foam core should be used to back the print.
